

Guidelines for the Educational Community Service/In-Service Projects

Effective July 1, 2004 the resident is expected to participate in an educational community service/in-service project to further the awareness of the orthotic and prosthetic profession. This includes, but is not limited to speaking to service clubs, scouts and students in grades 6 through 12 or at the college level.

Resources Available

We will be providing The American Academy of Orthotists and Prosthetists with your mailing address so they can send you career information to help you promote O&P at schools in your local area. Please feel free to contact the Academy at 703-836-0788 or email: careers@oandp.org for supplemental materials.
